

NEW Gallery Etching 310gsm

Digital & Fine Art Archival Printing Solutions for the Imagemaker

DESCRIPTION OF PRODUCT

This incredible addition to the textured fine art range provides one of the most interesting textures available whilst allowing the most detailed image reproduction possible. The heavy weight, alpha cellulose 310gsm base is reminiscent of a modern day etchings paper exhibiting a consistent and undulating matt coated surface. It's natural whiteness works in harmony with any artistic or creative photographic image.

This is the ideal paper for those wanting to reproduce artworks with a rigidity, texture and feel of the most loved textured fine art materials available.
